**Lincoln Theatre Foundation Mission:**

The mission of the Lincoln Theatre is to entertain, inform and inspire our diverse community through cinema, live performance and educational programs while preserving the Historic Lincoln Theatre.

**Bring sound to life…support the Lincoln Theatre in bringing state-of-the-art sound and hearing assistance to live performances and film.**

- Enrich overall sound quality for audiences at live dramatic and musical performances.
- Upgrade stage equipment to meet professional technical standards for performers.
- Improve line of sight by moving speaker off the floor.
- Provide quality sound for the hearing impaired.

The $150,000 campaign will allow the Lincoln Theatre to purchase and install:

- Stage monitors (6)
- Stage microphones & cabling
- Line array speakers hung from the ceiling
- Digital mixing console
- Wireless microphone system for up to 30 stage performers
- Hearing loop to transmit sound to hearing aids, cochlear implants and wireless receiving units.

**In the Art Bar: Linda White**

I am intrigued by the way the patterns of the papers blend together to create a watercolor effect. Often I am surprised at the way a paper actually behaves. The textures and brilliant colors found in various papers lend themselves to the creation of super-realistic landscapes. Some of the papers “talk” to me: I see a tree trunk, fall foliage, mountains, sand dunes, a field of flowers, sky or water in the qualities of the sheet of paper. Sometimes the reverse side of a paper provides an entirely different effect.
