In the Art Bar— Bryan Mellor

Artist's Statement

My name is Bryan Mellor and I have been involved in photography and media for over a decade. With a wide range of life experiences, I have adapted a passion for the arts and developed an understanding the importance of self expression. After opening Dragonfly Media NW in the early months of 2014, I have set out to not only make a living out of my passions, but to help bring the art rich culture of the Skagit Valley and the Great NW to the forefront of a new generation. Through beautiful photography, showcasing local artists and musicians, hosting workshops, and providing a free & friendly learning environment with the Dragonfly Photography Club, I hope to create a spark that will ignite a wild fire of new artists & undiscovered talent that will make the NW a great center of art that will attract people from all over the globe. Along with a love for the arts, I am, as my wife would put it, obsessed with the human condition. With Dragonfly Media NW, I have taken that curiosity and diverted that energy to photojournalism. Photographing and writing about events that take place that effect social morality and the individuals that depend on its stability, from natural disasters to demonstrations.
